Gina is the Best

"I've been to quite a few psychologists and not one even compares to Gina. She has saved my life and I don't know what I would do without her! Very caring, compassionate, knowledgeable and resourceful."

A Big Help

A Big Help

"I know that Gina is highly regarded in the areas of maternal and children's mental health, to name a few, but what I think some people may not know and should know is she is highly skilled in all areas of psychology. She has an extremely broad skill set and is an exceptional listener, so regardless of the nature of one's problem, she is able to relate and provide therapy. She has been an excellent resource for me in hard times and is a big reason why I am happy and healthy today."

"Extraordinary psychologist. Extremely well versed in maternal mental health. Very fortunate to have a psychologist who really understood this specific niche, because it was integral to my recovery. Kind, gentle, warm, loving, genuine, caring, compassionate, empathetic, non-judgmental, clearly passionate about her profession. Immediately felt connected with her. Highly recommend mothers in search of a psychologist to go see her. She has saved my life. Thank you, Dr. Gina Wong."
